

Front of House Release

March 2021

Presented by: Horizon Software Product Management

Updated 03.15.2021

Release Notes

Introduction

The HORIZON SOFTWARE Front of House March 15th release includes bug fixes:

Bug Fixes

HORIZON SOFTWARE healthcare solutions help connect hospitals to their patients, employees, and guests by providing tools to improve safety, deploy cashless retail systems, and reduce the overall cost of managing food and nutrition services.

Bug Fixes		
JIRA #	DESCRIPTION	DETAILS
FOH-8417	SNAP Criteria for Online Applications	The online application validation has been updated.
FOH-8484	Restrict duplicate bank deposits for the same daily entry	The bank deposit save button will be disabled after the first mouse click to prevent multiple clicks from creating more than one bank deposit.

Product Idea Submissions

If you or your team have HST improvement ideas that would benefit your district or that would improve operations for all districts, please share them with us on our **Aha!** Ideas portal at horizonsoftware.ideas.aha.io.

If this is your first-time logging into the portal, you must sign up for an account. Provide your email address and name to register.

From the home page you can vote for ideas that you have not already voted for, select ideas to view the details, and view ideas by status or category. Ideas that you have voted on will be highlighted in green.

The screenshot shows the 'Add a new idea' interface. On the left, there is a sidebar with a search bar and filters. The main area displays a list of ideas with their titles, descriptions, and status tags.

Filter	Count
My Ideas	4
My votes	187
FILTER BY STATUS	
Future consideration	187
Already exists	27

<div style="border: 1px solid gray; padding: 5px; width: 40px; text-align: center; margin: 5px auto;">3</div> <div style="background-color: #ccc; padding: 2px; text-align: center; margin: 2px auto;">VOTED</div>	<p>Block A la cart sales for negative balances</p> <p>As a cashier, I need the POS terminal to block a la cart sales for accounts with negative balances, so that I can adhere to the district policy.</p> <p>Created 14 days ago by Kristen Osborn Solana</p> <p style="text-align: right;">Future consideration 1</p>	

Creating an *Aha!* Idea

- To create a new idea, select the “Add a new idea” button.
- Select the appropriate product associated with the idea.
- Provide as much detail regarding the enhancement request or idea. This helps both the Product teams and Developers when reviewing the ideas.
- Update all required fields and select the Share idea button to save it. If the idea is tied to a general idea and not a product, then you may select “Other Ideas”.
- When you create an idea, your vote is automatically applied to it. Other portal users can now see your idea and vote for it as well.
